Positive: Communication, Professionalism, Quality, Value

Our daughter has been going here for almost a year now. I was really nervous because I only had exposure to daycares at my Air Force bases, which had been a great experience. However, they have blown every prior daycare we have been at out. of. the. water! The staff/teachers are phenomenal. I seriously can't say enough good things. Our daughter looks forward to going every single morning and then talks non-stop of her friends and teachers when she gets home. There is great constant communication through the Brightwheels app (something bases don't have). There are always amazing activities for the kids (pony rides, petting zoo, water days, Santa, the Easter bunny, etc) with plenty of pictures to see while we are at work missing our girl. She comes home everyday with new songs, words, and art work. Elite is safe, secure, fun! We both have very high stress jobs and I'm so so so grateful to have found Elite because knowing our daughter is happy and taken care of is such a relief while we are working or TDY.

This place is AMAZING. It is clean and so friendly when you walk in. Someone is always there to greet you and kids as you enter. The teachers are the BEST! They love our kids more than us someday(as a parent that can be a sigh of relief). They will be there cheering on your kids in whatever way they can. They investing in their growth, education and their individual personalities. I have seen amazing growth in their social skills, manners and their education. Our kids are better kids since going there. They support you as parents 100% and will offer to help in whatever way they can. I promise you will not be disappointed. We absolutely love this place and all the amazing people here.

Great place with great staff. Our kid loves going to school every morning. Tons of learning and a bunch of activities during the summer months.

There are not enough words to express how truly grateful I am for Elite Learning Academy and Preschool. Not only is it a center I 100% trust, they continue to exceed my expectations each and every day. On top of the center being impeccably clean and extremely organized, it's obvious the teachers truly love what they do and love the children even more. There is never a doubt in my mind that my baby is safe, happy and receiving all the attention she needs—she completely lights up as soon as she walks into the building and is always so happy to see everyone. My family absolutely loves this place and all the amazing teachers that work here—and the many, many photos they send us of our baby throughout the week :)

If you're looking for an amazing daycare, I promise; you will NOT be disappointed if you enroll your children at Elite!

My daughter went here for a couple months, after having a bad experience elsewhere. We both loved the entire staff and her teachers! My daughter also came home every night learning new words & songs! They taught her so much. They treat your child like their own. I will forever be grateful for them! If we ever move back to the area I would take her back in a heartbeat

My girls have gone to Elite since they first started daycare 2 years ago at 3 months old. All of us love Elite. Great teachers and great staff. My girls have learned so much, love going to school everyday, & I know they are truly loved by everyone at Elite. I couldn't have found a better daycare for my family.

There aren't enough stars on here for what Elite deserves. Putting your child in a daycare is scary enough and coming here i felt 1000% comfortable. The facility, the teachers, and the curriculum are absolutely amazing. My son has been going here since the day they opened and I couldn't ask for a better place to send him. My daughter will be starting there next month and I'm not in the least bit worried. Thank you all for everything you do for my son! He truly loves Elite!

My family loves this center. It is very clean and organized. The teachers are amazing and my daughter has had the same teachers the whole time she's been there which is important to us. She can't have dairy and they're very particular to not give her any. She has so many opportunities like field trips, swim lessons, monthly book orders, sports, etc. We are moving 35 minutes away and still will keep our children here because having a safe, loving environment is worth an hour and a half drive everyday.

Response from the owner a year ago

Amanda, we are so glad you have chosen to make us apart of your family. We feel incredibly lucky to have such amazing kids at Elite. I shared your kind words with my staff, who I'm really proud of too. Thanks for sharing your experience with us!
